

About Vigilant Inc.

Our Mission

Vigilant's mission is to create a legacy of enduring quality through skilled craftsmanship and superior design in all of our specialty products. We design and manufacture the highest quality wine and cigar storage products in the world, using the most beautiful wood species available and finest materials. Our pledge to our customers is to back each and every Vigilant product with industry-leading customer service and product knowledge. All of Vigilant's products are backed with a 100% guarantee.

The Vigilant Name

For over 130 years, the Baltimore Clipper Schooner Vigilant proved to be one of the most reliable commercial sailing vessels ever built. For the people at Vigilant, it represents our ever-present attention to detail and a commitment to producing quality products that stand the test of time. We have adopted this name, Vigilant, to assure our customers that we are conscientious in every aspect of our business. Most importantly, we are dedicated to our customers' satisfaction.

Company History

Vigilant was founded in early January 1995 by Charlie Griffiths in his Portsmouth, New Hampshire home. The company's origins were in cigar-cabinet building, and as the company grew, the product line grew with it. In ten years, the business expanded from two employees to almost 40 and now designs and manufactures electronic cigar humidor cabinets, cigar display cabinets, cigar lockers, wine racking, wine lockers, wine cellar doors and wine cabinets for clients across the United States and abroad. Vigilant Inc., is now headquartered in Dover, NH, surrounded by the beauty of the Seacoast region of New Hampshire. We are proud to say that all our products are made in America and that we have been a Better Business Bureau Accredited Business since 2006 with a rating of A+.

Our Products

All of the cigar and wine storage products are labeled with the Vigilant trademark and made with the highest quality materials, craftsmanship and technology available. We manufacture our products using wood, glass, metal and acrylics. We are dedicated to making all of our products sustainably and responsibly by limiting our waste to minimize our impact on the environment. Since 1995, it has been our mission to carry on that legacy of enduring quality in craftsmanship and design in the making of our wine and cigar storage products.
